

GENERAL CONDITIONS OF THE Alior Bank PGA POLSKA TOUR 2021

1. Rules of play and standards of players behaviour

- 1.1 The tournaments will be played according to the Rules of Golf as approved by the R&A Rules Ltd., the PGA-Poland Hard Card 20121 and Local Rules approved by the Tournament Committee and published during the ProAm tournament.
- 1.2 All players are expected to behave in accordance with the standards of the game of golf. The Code of Conduct is in force in Alior Bank PGA Poland Tour 2019 (point 12 of these Regulations). Any player who violates the standards of the Code of Conduct may be punished after a previous one-time warning by the rules official. The decision to apply such a penalty may be made by the rules official on the basis of his own assessment of the situation (Rule 1.2a, b). In the case of caddy's violation of the standards of behavior, the penalty is borne by the player who employs him.

Penalties for violating the standards of the Code of Conduct:

First violation - a warning

Second violation - the penalty of two strokes

Third violation - disqualification

In the event of disqualification due to a violation of the Code of Conduct, a disqualified player will be banned from participating in two consecutive PGA Poland series tournaments, to which he applies and in accordance with the rules of the competition, he will be eligible. In the event of a repeated violation of this ban, the player will be excluded from participation in PGA Poland tournaments for a period of 2 years.

2. Eligibility to play

The following players are eligible to play in tournaments organised by, or under the auspices of PGA-Poland:

- PGA-Poland members with a regulated membership fee for the given season,
- PGA-Poland Applicants who passed their qualifying rounds
- PGA-Poland Students
- Non amateurs
- Players who received the approval of the Tournaments Director and fulfil the following criteria:

Are members of other PGA's,

Have documented results from other professional Tours or tournaments.

Players who are suspended or excluded from PGA-Poland membership WILL NOT BE ALLOWED TO PLAY IN PGA-POLAND TOURNAMENTS WITHOUT ANY EXCEPTIONS.

3. Time of starting (Rule 5-3)

The competitor must start on time, that is, he must be ready to play on the start time and at the

starting point set by the Committee. Penalty for violation of rule 5.3a: disqualification, except for three cases:

1. A competitor arrives at the starting place, ready to play, no more than five minutes after the set time - he receives the main penalty applied to the first hole.
2. The competitor starts no more than five minutes before the set time - he receives the main penalty applied to the first hole.
3. The Committee decided that extraordinary circumstances made it impossible for the competitor to start at the appointed time: There is no breach of this rule and no penalty.

4. Definition "beyond time"

The first group will be considered to be "out of time" if, at any time during the round, the total time of the group after playing a certain number of wells exceeds the time specified in the time table. Each subsequent group will be considered to be "out of time" if it exceeds the time specified in the times table or if it does not keep the position in the field in relation to the preceding group, i.e. when the group comes to:

- tee area of par 3 hole, the group from the front played first hits from the tee area of the next hole,
- tee area of par 4, the group from the front left putting green,
- the tee area of the par 5 hole, the group at the front is on the putting green.

4.1 Procedure when the group is "out of time"

The rules officials will monitor the pace of the game and decide if the group that is "out of time" should have the time measured. If a decision is made to measure the time, each player in this group will be subject to individual measurement of time, and the referee will inform each competitor that he is "out of time" and that he will have the time measured. The time for impact should not exceed: for the first player in the group - 50 seconds for the approach shot, chip or putt, and 40 seconds for the tee shot or the impact of the second, third or fourth player in the group. In addition to putting green, the time to strike starts from the moment when the player has enough time to reach the ball, it is his turn to play and he can make the stroke without external interference. The time spent measuring the distance is counted down to the time of impact. On putting green, the time to strike begins with the player having enough time to raise, clean and put away the ball, repair the permitted damage to the putting green surface, and remove the natural handicaps on his play line. Time spent reading the game line is counted down to the time of impact. If any of the players exceeds this time, he will have a "bad time". The "bad time" is carried to the end of the round, it does not disappear even if the group returns to the times table or is in a position in relation to the previous group. In some situations, a single player or two players will have time measured instead of the whole group. Penalty for violation of the Local Rule Game Speed: The first bad time - verbal warning from the judge Second bad time - penalty of one stroke Third bad time - punishment of two strokes Fourth bad time - disqualification

Notes: READY GOLF IS STRONGLY RECOMMENDED

As long as the player is not notified that he has exceeded the time, he can not be punished for the next "bad time".

4.2 The procedure when the group is again "out of time" in the same round

If the group is "out of time" more than once during the round, the above procedure will apply each time.

5. Suspension; resumption of the game (Rule 5.7)

5.1 Normal suspension of the game (due to weather conditions or fields unsuitable for the game) (Rule 5.7b)

If the Committee suspends the game for normal reasons, the way it is handled depends on where the playing group is located:

- Between two wells. If all competitors in the group are between two holes, they must interrupt the game and are not allowed to strike to start another hole until the Committee resumes the game.
- While playing the hole. If any player from the group started a hole, the players can choose either to stop the game or finish the hole. A short reflection is allowed (which normally should not take more than two minutes) to decide whether the players interrupt the game or finish the hole. If the players continue to play the hole, they may end it or may interrupt the game before finishing the hole. If the players finish the game on a hole or break before the end of the hole, they are not allowed to make a blow until the game is resumed by the Committee in accordance with Rule 5.7c.
